

YOUR ACCOUNT... YOUR CALLS... **YOUR CONTROL.**

INMATE DEBIT
PUTS **YOU** IN
CONTROL OF
YOUR CALLING.

Inmate Debit is an **inmate-owned, prepaid calling account** you can use to pay for all your calls — local, long distance, international, to a land line or cell — subject to facility restrictions.

Because you control the account, you have more choices of who you can call. You are no longer limited to only calling family & friends with existing prepaid accounts. You can also better manage your account balance to ensure funds are available for calling.

Using Inmate Debit is easy.

- Make a commissary request to transfer money from your facility trust/ commissary account to your Inmate Debit calling account.
- Once funds are available in your Inmate Debit account, simply pick up the phone and follow the prompts, pressing "2" for Debit.

THAT'S ALL
THERE IS TO IT.
