COUNTY OF ERIE
OFFICE OF THE
COUNTY EXECUTIVE

Erie County reports 160 new cases of COVID-19; 6 deaths

Erie, PA — County Executive Kathy Dahlkemper and the Erie County Department of Health report 160 new cases of COVID-19 and six deaths on Nov. 30, bringing the total case count to 35,940. Total deaths due to COVID-19 is 593.

[Information](#) on cases in Erie County and other data such as reports on vaccination demographics can be found at eriecountypa.gov/covid-19. Related data is also available at the Pennsylvania Department of Health website health.pa.gov/topics/disease/coronavirus/Pages/Cases.aspx.

Importance of testing and quarantine

Testing for COVID-19 is recommended if exposed to anyone who has COVID-19 or if exhibiting its symptoms such as coughing, difficulty breathing, fever or chills, muscle or body aches, vomiting or diarrhea, or loss of taste or smell. Testing results can help determine appropriate care and treatment if needed.

Rapid testing results are available in 15 minutes at free mobile testing clinics organized by the Erie County Department of Health. There is a clinic scheduled on **Thursday, Dec. 2, 4 to 7 p.m.** at Greene Township Municipal Building, 9333 Tate Rd., Erie. To follow up results from this clinic, email zheeter@lecom.edu.

For list of upcoming clinics and other local testing sites, visit eriecountypa.gov/covid-19/covid-19-testing-information.

Even if not exhibiting symptoms, community members who have COVID-19 and those identified as close contacts of a person with COVID-19 are asked to cooperate with all public health recommendations, including quarantine, to prevent the spread of infection to others. For guidance on quarantine, call the Erie County Department of Health at 814-451-6700.

Benefit of vaccination

The benefit of vaccination is that it helps the body prevent severe illness and lessens the likelihood of needing hospitalization. Free vaccines are available for residents of Erie County ages 5 years and older. To find vaccines in nearby locations:

- text ZIP Code to 438829
- visit [vaccines.gov](https://www.vaccines.gov)
- call 1-800-232-0233

For schedule of local vaccination sites, visit eriecountypa.gov/covid-19/covid-19-vaccine. Not all locations can offer COVID-19 vaccines to children 5 to 11 years old. Call ahead to check availability.

Masking order

Wearing a mask that covers the mouth and nose has been proven to reduce the spread of infectious respiratory illnesses such as COVID-19. Studies on the effects of wearing masks have proved that there is no change in oxygen or carbon dioxide levels when people wear cloth and surgical masks while resting and exercising.

A universal indoor masking order for all public and private pre-schools, primary and secondary schools in Erie County is in effect until further notice. A copy of the order can be found at eriecountypa.gov/covid-19.

Erie County currently has a high rate of transmission according to the Centers for Disease Control and Prevention (CDC). CDC guidelines recommend all people, including those who are fully vaccinated, should wear masks indoors in areas with substantial to high transmission rates of COVID-19. Data on transmission rates can be found at the CDC website covid.cdc.gov/covid-data-tracker/#county-view.

For guidance on preventing the spread of COVID-19 at events and business establishments, contact Erie County Department of Health at covidresponse@eriecountypa.gov. All other questions about COVID-19 can be directed to 814-451-6700 or ecdhinfo@eriecountypa.gov.
