PROJECT NARRATIVE

(Attach additional pages as necessary)

Summary of the Project:

What is the problem which needs to be addressed?

How will the project address this need?

Anticipated project impacts and outcomes?

How will the project “principally benefit low-to-moderate income persons”? Provide a map showing location of project along with the area to benefit.

Is the project consistent with local plans? Explain.

Identify other sources you have looked into to fund the project. If no other funding sources have been explored, explain why not.

Does the municipality have a capital improvements plan to facilitate the planning/financing of infrastructure improvement projects? Is the proposed project included in the plan?
