Benefit of vaccination and boosters

The benefit of staying up to date with vaccination and boosters, even for those who have had COVID-19, is that it helps the body prevent severe illness and lessens the likelihood of needing hospitalization. Boosters extend the effectiveness of vaccines against COVID-19 and help protect against variants.

Free vaccines and boosters are available for residents of Erie County. *For list of local vaccination sites, visit eriecountypa.gov/covid-19/covid-19-vaccine or text ZIP Code to 438829, visit vaccines.gov or call 1-800-232-0233.*

Importance of testing

Community members, vaccinated or unvaccinated, are recommended to get tested for COVID-19 if they have been exposed to anyone who has COVID-19 or if they have symptoms such as sore throat, coughing, upper respiratory congestion, difficulty breathing, fever or chills, muscle or body aches, vomiting or diarrhea, or loss of taste or smell. Testing results can help determine appropriate care and treatment if needed.
