ERIE COUNTY EXECUTIVE APPOINTED CHAIRMAN OF NACo INTERNATIONAL ECONOMIC DEVELOPMENT TASK FORCE

ERIE, PA – NACo appoints Erie County Executive Brenton Davis Committee Chairman of the International Economic Development Task Force.

The task force serves as a valuable resource for sharing crucial information, innovative ideas, and essential resources. Its primary objective is to provide comprehensive guidance to NACo programming, which is closely related to county-level involvement in various international economic development activities. The task force is committed to facilitating effective collaboration and promoting sustainable growth while ensuring that county-level interests are well-represented.

“I am honored to be named Committee Chairman and to serve the People of Erie County and beyond. This new role will open opportunities and connections to build Pennsylvania and Erie County's economies on a state, national, and global level,” said Erie County Executive Brenton Davis.

The International Economic Development Task Force also works with partners at the federal level to ensure that fair trade practices are in place and enforced between U.S. manufacturers and their trade partners in order to protect American jobs and promote American products.

Brenton Davis will also serve as the Vice Chair for the Economic Development Subcommittee.
