## ERIE COUNTY ADMINISTRATION

Brenton Davis,  
County Executive

### MEDIA ADVISORY

April 4, 2024

## COUNTY EXECUTIVE BRENTON DAVIS TO HOST PRESS CONFERENCE ON PROJECT NEPTWNE

County Executive Brenton Davis invites members of the media to a press conference to provide updates and insights into Project NePTWNE. The conference will take place on 4/9/24 at 11:00am in the County Executive Press Room.

Project NePTWNE, a collaborative effort between Erie County and Gannon University, aims to establish the Great Lakes Water Research Center at Blasco Library. This initiative is crucial for addressing key issues such as water quality, climate change, economic development, and overall quality of life in Erie County.

During the press conference, County Executive Davis will discuss the progress, significance, and future plans for Project NePTWNE. Key stakeholders and project partners will also be available for interviews and comments.

Members of the media are encouraged to attend and learn more about how Project NePTWNE will benefit Erie County and its residents.
